DETAILED ACTION

Response to Amendment

1. In the previous office action, the examiner allowed claims 28, 30 and indicated that claim 6 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. In the amendment filed on 4-11-2006, the applicants cancel claim 6 and add new claim 31 to include all of the limitations of the base claim and any intervening claims of allowable claim 6. Thus, the new claim 31 is allowed. The new claims 32-37 are allowed because they directly depend on allowed claim 31. The new claims 38-40 are allowed because they depend on previous allowed claims 28 or 30.

Allowable Subject Matter

2. Claims 28, 30-40 are allowed.
3. The following is an examiner's statement of reasons for allowance: The reasons for allowance were discussed in previous office action.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
